

Wildfire Mitigation Plan 2026-2028 Data Response

BVES Data Request No.	OEIS-P-WMP_2025-BVES-008
Request Date:	May 23, 2025
Due Date:	May 29, 2025
Requester:	Blythe Denton, Senior Wildfire Safety Analyst

SUBJECT(S):

- Q01. Regarding Projected Expenditures
- Q02. Regarding Key Gaps and Limitations in Communication Coordination
with Public Safety Partners Table 11-4

Total Attachments: None

BVES RESPONSE

Q01. Regarding Projected Expenditures:

The chart below summarizes the [BVES 2026 Annual WMP Data submission](#)'s expenditure totals, and the Projected Expenditures on page 29 of the BVES 2026-2028 Base WMP.

- a. Identify whether the Annual WMP Data submission totals or the WMP Projected Expenditures values are correct.

Year	Annual WMP Data Submission Totals	WMP Projected Expenditures	Δ = Annual WMP Data Submission - WMP (PDF) Expenditures
2026	\$17,085,000	\$18,122,000.00	-\$1,037,000.00
2027	\$44,391,000.00	\$45,256,000.00	-\$865,000.00
2028	\$18,774,000.00	\$18,782,000.00	-\$8,000.00
Total	\$80,250,000.00	\$82,160,000.00	-\$1,910,000.00

RESPONSE: The Annual WMP Data Submission Totals are the correct values. A final update to the projected costs was made prior to submitting the WMP, which was captured in the Annual WMP Data Submission Totals but not in Table 3-3 Summary of Projected WMP Expenditures on page 29 of the BVES 2026-2028 Base WMP.

Q02. Regarding Key Gaps and Limitations in Communication Coordination with Public Safety Partners Table 11-4:

Table 11-4 “Key Gaps and Limitations in Communication Coordination with Public Safety Partners” appears similarly worded as the examples provided in the WMP Guidelines.

- a. Confirm whether the content in Table 11-4 is accurate.
- b. If the content in Table 11-4 is not correct, provide accurate information for Table 11-4.

RESPONSE: BVES did use the content provided in the WMP Guidelines as it was applicable to BVES. However, BVES inadvertently stated it would “Host a 1.5-day workshop with state & local agencies to review emergency preparedness strategies. Solicit verbal & written comments from stakeholders.” BVES meant to host a half-day workshop as that length would be more reasonable for BVES’s audience.
