

Vegetation Management Quarterly Update: Q1 2023

Quarterly Update Summary

In Q1, the Vegetation Management program has been working in the Boulder Bay area and moving west towards the village. (See Grids I-7, and J-7). The pre-inspector also found numerous cycle busters in grids(I-14 and J-15). All cycle breakers found to be in violation were trimmed. Routine work has been significantly slowed due to the large amount of snow making access to areas difficult.

Vegetation crews are still working on the large list of removals. A number of trees are being cited by the fire department and have been deemed a threat to our lines. Crews will prioritize the highest risk tree to remove first.

BVES also brought on our new forester Brenda Steinert, who is contracted through DRG. In Q2, Brenda will be working on re-inspecting all the major woody stems for the June 30 due date set by Calfire.

Q1 Vegetation Management by the Numbers

Vegetation caused outages: 5

Mowbray's Q4 Work Completed

Number of Trims: 790

Number of Removals: 32

Accidents, Incidents, or Near Miss: 0

Vegetation Quality Control

Number of QC Conducted - 12

Name and date of QC Performed

Jeff Barber- N/A

Tom Chou- 2(2/21/2023), 3/14/2023

Jared Hennen- 2(3/20/2023), 2(3/23/2023)

Jon Pecchia- N/A

Paul Marconi- 1/19/2023, 2/2/2023, 3/14/2023

Rick Villines- 2(2/7/2023)

Significant Findings: couple of minor issues found

Vegetation Orders

Orders Issued: 8

Orders Resolved: 8

Vegetation Management Quarterly Update: Q2 2023

Quarterly Update Summary

In Q2, the Vegetation Management program has completed work in the Boulder Bay area and currently moving west towards the Snow Summit. (See Grids I-7, and J-7).

Vegetation crews are still working on the large list of removals. A number of trees are being cited by the fire department and have been deemed a threat to our lines. Crews will prioritize the highest risk tree to remove first.

In Q2, Brenda from DRG has completed re-inspecting all major woody stems. The MWS record was submitted the CALFire on June 30th.

No other major updates with the vegetation management program.

Q2 Vegetation Management by the Numbers

Vegetation caused outages: 0

Mowbray's Q2 Work Completed

Number of Trims: 1102

Number of Removals: 39

Circuit Miles Cleared 21.11

Accidents, Incidents, or Near Miss: 0

YTD Mowbrays Budget Spent: \$1,595,318

Vegetation Quality Control

Number of QC Conducted - 26

Name and date of QC Performed

Jeff Barber- 4/11/2023, 6/1/2023, 6/15/2023, 6/16/2023

Tom Chou- 5/9/2023, 2(6/8/2023)

Jared Hennen- 4/26/2023, 5/11/2023, 5/19/2023, 6/1/2023

Jon Pecchia- 2(5/22/2023)

Paul Marconi- 5/17/2023, 6/1/2023, 6/7/2023, 6/15/2023, 6/28/2023

Rick Villines- 4/10/2023, 4/14/2023, 5/17/2023, 6/7/2023, 6/29/2023

Brenda Steinert- 5/26/2023, 6/1/2023, 6/7/2023

Significant Findings: couple of minor issues found

Vegetation Orders

Orders Issued: 23

Orders Resolved: 23

Vegetation Management Quarterly Update: Q3 2023

Quarterly Update Summary

In Q3, the Vegetation Management program has completed work in the Big Bear Lake area near the village and currently moving west towards Moonridge area. (See Grids I-10, and J-10). Crews completed trimming on Highway 18 from Boulder Bay to the Village. Lidar data has been received and work has begun on verification and corrections.

Our budget is looking to be right on track with spending. We have just under \$700,00 for the remaining portions of the year. Last quarter we spent just over \$700,000, with the subtraction of holidays and possible snow work cancellation, our budget should be right on target.

No other major updates with the vegetation management program.

Q3 Vegetation Management by the Numbers

Vegetation caused outages: 0

Mowbray's Q3 Work Completed

Number of Trims: 991

Number of Removals: 3

Circuit Miles Cleared 23

Accidents, Incidents, or Near Miss: 0

YTD Mowbrays Budget Spent: \$2,332,833

Vegetation Quality Control

Number of QC Conducted – 36

Orders Resolved: 12

Vegetation Management Quarterly Update: Q4 2023

Quarterly Update Summary

In Q4, the Vegetation Management program has completed work in the Big Bear Lake area and lower Moonridge while currently moving west towards upper Moonridge area. We are continuing to remove a large amount of trees across the valley.

Our vegetation management program had a very successful year and reached all of our WMP goals in 2023. BVES has not had a vegetation related outage since February 2023.

In 2023, we spent \$2,980,542.49 on the vegetation management program. We came in very close to our budget, within 1% of the \$3,000,000

No other major updates with the vegetation management program.

Q4 Vegetation Management by the Numbers
