**SUBJECT:** 2014 Base Revenue Requirement Balancing Account Surcharge Termination

**SUPPLEMENT**

The purpose of this supplemental advice letter filing is to make changes to the canceled tariff sheets originally noted in Advice Letter 334-E. GSWC supplemented its Advice Letter 331-E and is amending Advice Letter 334-E accordingly. The tariffs contained in Advice Letter 331-E were removed because the scope of the advice letter changed and the tariffs are no longer being updated. This supplement filing for Advice Letter 334-E will now cancel the tariffs approved in Advice Letter 323-E. This supplement replaces Advice Letter 334-E in its entirety.

**PURPOSE**

The purpose of this Advice Letter is to fulfill the requirements noted in Advice Letter ("AL") 299-E, which the California Public Utilities Commission ("Commission") approved on May 21, 2015, effective March 1, 2015. In AL 299-E, the Commission authorized BVES to amortize, over 24 months, the amount of \$3,059,633 recorded on the 2014 Base Revenue Requirement Balancing Account. This advice letter requests Commission authority to terminate the surcharge rates of \$0.00823/kWh for low income customer under CARE and \$0.01028/kWh for Non-CARE customers.

**BACKGROUND**

Pursuant to Decision No. 14-11-002, on February 23, 2015, BVES submitted AL 299-E to request the amortization of \$3,059,633 recorded in the 2014 Base Revenue Requirement Balancing Account ("BRRBA").<sup>1</sup> As shown in AL 299-E, at page 6, Table 2 below provides the recorded amount of 2014 BBRAM and the components of the 2014 BRRAM as shown in AL 299-E at page 6.

Table 2 - Amount of 2014 BRRAM Requested for Recovery

2014 BRRAM	\$3,063,140
Adjustment to the 2013 accrued Interest	(\$3,544)
Residual Balance of GOAMA	\$37
<b>Total 2014 BRRAM</b>	<b>\$3,059,633</b>

<sup>1</sup> The term BRRBA is used interchangeably with the Base Revenue Requirement Adjustment Mechanism or BRRAM.

To minimize the potential rate shock on its customers, BVES requested that the total 2014 BRRAM amount of \$3,059,633 be amortized over a 24-month period, beginning on March 1, 2015. BVES implemented the following surcharges to recover the \$3,059,633 over a 24-month period:

Low Income customers under CARE:	\$0.00823/kWh
Non-CARE customers:	\$0.01028/kWh

The above rates were effective from March 1, 2015 through February 28, 2017. However at the end of February 2017 there was a residual balance of \$433,210.30 due to lower sales. This amount is shown in Attachment B. BVES inadvertently did not terminate the two surcharges on February 28, 2017 and it resulted in an over-collection of \$335,722.04, as of October 31, 2017. The two surcharges are scheduled to be removed from rates on December 1, 2017. The over-collected amount of \$335,722.04 will be refunded to BVES customers as an adjustment to the 2016 BRRBA, which will be submitted subsequent to this advice letter.

**Attachment A** to this Advice Letter includes AL 299-E

As shown in the above table, the 2014 BRRAM amortized amount of \$3,059,433 includes accrued interest for 2014 of \$1,563, an adjustment of (\$3,544) for the 2013 accrued interest and a residual balance of \$37 in the General Office Allocation Memorandum Account (GOAMA).

**Attachment B** to this Advice Letter includes the monthly balance from March 1, 2015 through October 31, 2017 of the amortized amount of \$3,059,633.

As of October 31, 2017, the residual balance in the 2014 BRRBA was an over-collection of \$335,722.04.

This over-collected amount will be shown in a new advice letter to be filed subsequent to this Advice Letter as a refunded amount that net out the amount to be recovered in the 2016 BRRBA.

**Attachment C** to this Advice Letter includes all the tariff schedules with the adjusted Base Adjustment Rates being zero resulting from the termination of the 2014 BRRBA surcharg rates.

#### **BILL IMPACT**

The Table below provides the bill impact on a residential customer bill at two levels of energy usage as a result of a refund credit

Residential Class	Usage (kWh)	Current Bill	New Bill	Percent Change
Baseline (Tier 1)	315	54.22	50.97	-5.99%
Typical Bill	350	61.13	57.53	-5.89%

**TIER DESIGNATION**

GSWC is filing this Advice Letter with a Tier 1 designation.

**EFFECTIVE DATE**

GSWC respectfully request this Advice Letter become effective December 4, 2017.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this Advice Letter is being made to the attached service list in accordance with General Order No. 96-B.

**NOTICE AND PROTESTS**

A protest is a document objecting to the granting in whole or in part of the authority sought in this advice letter.

A response is a document that does not object to the authority sought, but nevertheless presents information that the party tendering the response believes would be useful to the CPUC in acting on the request.

A protest must be mailed within 20 days of the date the CPUC accepts the advice letter for filing. The Calendar is available on the CPUC's website at [www.cpuc.ca.gov](http://www.cpuc.ca.gov).

A protest must state the facts constituting the grounds for the protest, the effect that approval of the advice letter might have on the protestant, and the reasons the protestant believes the advice letter, or a part of it, is not justified. If the protest requests an evidentiary hearing, the protest must state the facts the protestant would present at an evidentiary hearing to support its request for whole or partial denial of the advice letter. The utility must respond to a protest with five days.

**All protests and responses should be sent to:**  
California Public Utilities Commission, Energy Division  
ATTN: Tariff Unit  
505 Van Ness Avenue  
San Francisco, CA 94102  
E-mail: [EDTariffUnit@cpuc.ca.gov](mailto:EDTariffUnit@cpuc.ca.gov)

Copies should also be mailed to the attention of the Director, Energy Division, Room

December 15, 2017

4004 (same address above).

Copies of any such protests should be sent to this utility at:

Golden State Water Company

ATTN: Nguyen Quan

630 East Foothill Blvd.

San Dimas, CA 91773

Fax: 909-394-7427

E-mail: nquan@gswater.com

If you have not received a reply to your protest within 10 business days, contact Nguyen Quan at (909) 394-3600 ext. 664.

**Correspondence**

Any correspondence regarding this compliance filing should be sent by regular mail or e-mail to the attention of:

Nguyen Quan

Manager, Regulatory Affairs

Golden State Water Company

630 East Foothill Blvd.

San Dimas, California 91773

Email: nquan@gswater.com

The protest shall set forth the grounds upon which it is based and shall be submitted expeditiously. There is no restriction on who may file a protest.

Sincerely,

for Nelson

Nguyen Quan

Manager, Regulatory Affairs

## ADVICE LETTER FILING SUMMARY ENERGY UTILITY

**MUST BE COMPLETED BY UTILITY (Attach additional pages as needed)**

Company name/CPUC Utility No. Golden State Water Company (DBA Bear Valley Electric Service)/ 913-E

Utility type:

ELC     GAS  
 PLC     HEAT     WATER

Contact Person: Nguyen Quan  
Phone #: (909) 394-3600 ext. 664  
E-mail: nquan@gswater.com

### EXPLANATION OF UTILITY TYPE

ELC = Electric    GAS = Gas  
PLC = Pipeline    HEAT = Heat    WATER = Water

(Date Filed/ Received Stamp by CPUC)

Advice Letter (AL) #: 299-E

Subject of AL: *Implementation of the Revenue Requirement, Rate and Tariff Changes associated with BVES General Rate Case, in accordance with Decision No. ("D") 14-11-002.*

Keywords (choose from CPUC listing): Compliance, Balancing Account

AL filing type:  Monthly  Quarterly  Annual  One-Time  Other

If AL filed in compliance with a Commission order, indicate relevant Decision/Resolution #: D.14-11-002

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL No

Summarize differences between the AL and the prior withdrawn or rejected AL: N/A

Resolution Required?  Yes  No

Tier Designation 1X  2  3

Requested effective date: March 1, 2015

No. of tariff sheets: 16

Estimated system annual revenue effect (%): 2.03%

Estimated system average rate effect (%): 28.1%

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: See attachment

Service affected and changes proposed: None

Pending advice letters that revise the same tariff sheets: None

Protests and all other correspondence regarding this AL are due no later than 20 days after the date of this filing, unless otherwise authorized by the Commission, and shall be sent to:

**SUBJECT:** *Implementation of Revenue Requirement, Rate and Tariff Changes associated with BVES General Rate Case, in accordance with Decision No. ("D") 14-11-002.*

**PURPOSE**

The purpose of this Advice Letter is to comply and make effective the rates approved by the California Public Utilities Commission ("Commission") in D.14-11-002. This Advice Letter is being filed in accordance and in compliance with Ordering Paragraph No. 3 in D.14-11-002.

**BACKGROUND**

On February 16, 2012, GSWC, on behalf of its BVES Division filed Application (A.) 12-02-013 ("Application") to increase rates charged for electric service within its BVES service territory by 9.85%, which results in a proposed rate increase of 7.79%. On April 5, 2012, BVES filed its Amended Application. On March 8, 2012, Resolution ALJ-176-3290 determined that this proceeding was rate-setting and that hearings would be necessary. Protests were filed by Snow Summit, Inc. ("Snow Summit") on March 21, 2012, by the Office of Ratepayer Advocates ("ORA") on March 23, 2012, and individually by Big Bear Area Regional Wastewater Agency ("BBARWA") and the City of Big Bear Lake ("City") on April 18, 2012. These protests were filed in response to BVES Application and Amended Application. BVES filed responses to these protests on April 2, 2012 and April 20, 2012. On April 17, 2012, the Prehearing Conference ("PHC") took place in San Francisco to establish the service list for the proceeding, discuss the scope of the proceeding, and develop a procedural timetable for the management of the proceeding. Besides BVES, parties to this proceeding include Snow Summit, ORA, BBARWA, and the City.

On April 26, 2012, BVES filed a motion requesting authority to open a General Rate Case ("GRC") Memorandum Account. On August 2, 2012, the Commission issued D.12-08-006, in which it authorized BVES to establish a GRC Memorandum Account.

Two Public Participation Hearings were held in Big Bear Lake on August 27, 2012. The primary concern of the customers that spoke was the level of BVES's requested rate increase. On September 17-19, 2012, Evidentiary Hearings were held. BVES, ORA, BBARWA, and City presented witnesses in support of their respective testimonies.

On November 9, 2012, BVES filed a motion requesting the reopening of the record. Administrative Law Judge Sean Wilson granted the motion to reopen the record on December 14, 2012, and she also set a second PHC for January 3, 2013. Based on its interest on the matter of undergrounding of overhead transmission lines, Southern California Edison ("SCE") requested party status in order to participate in this proceeding. SCE's request was granted.

The scope of the second phase was limited to review and assessment of new information regarding BVES' proposed undergrounding of poles on Big Bear Boulevard. New information was presented at the evidentiary hearing on October 30, 2013.

In late April 2014 and in early May 2014 the parties convened settlement conferences to address outstanding issues, including cost allocation and residential rate design. On May 12, 2014, two motions were filed for the Commission approval. One requests the adoption of an Uncontested Settlement Agreement, and the other the adoption of Cost Allocation and Residential Customer Rate Design Settlement Agreement. The ORA did not sign the second settlement agreement. On November 6, 2014, the Commission issued D.14-11-002 and adopted both settlements.

### COMPLIANCE

On November 20, 2014, BVES filed Tier 1 Advice Letter ("AL") 292-E effective December 1, 2014 in compliance with D.14-11-002, Ordering Paragraphs No. 1 through 8. This Advice Letter, BVES revisits Ordering Paragraph No. 3.

D.14-11-002, Ordering Paragraph No. 3 states:

3. *For the disposition of 2014 amounts in the General Rate Case Memorandum Account (GRC Memo Account), Bear Valley Electric Service Division (BVES) shall:*
  - a. *Follow its existing Base Revenue Requirement Balancing Account process through the filing of a Tier 1 Advice Letter to request recovery of any shortfall plus applicable interest;*
  - b. *Because this decision is issued prior to the end of 2014, BVES will not have collected 12 months of interim rates (pursuant to Decision 12-08-006). That being the case, this partial year balance in the GRC Memo Account shall be offset by a fraction of the agreed upon 2014 revenue requirement, based on*

*the number of months for which interim rates were collected, instead of the full year amount; and*

*c. After such recovery of 2014 amounts, and once a decision has been issued in this proceeding, the GRC Memo account shall be closed.*

In AL 292-E, at page 6, BVES notes that together the energy surcharges including prior authorized surcharges and the shortfall in the 2013 Base Revenue Requirement Balancing Account (BRRBA) are as follows:

CARE customers:	\$0.02107 per kWh
Non-CARE customers:	\$0.02634 per kWh

The surcharges for both CARE and Non-CARE customers have been effective December 1, 2014.

**Disposition of the 2014 BRRBA**

In D.14-11-002, at page 22, the Commission notes that:

*"For disposition of 2014 amounts in the GRC Memo Account, BVES shall determine any shortfall by deducting its actual 2014 collections recorded into the GRC Memo Account from the agreed-upon 2014 revenue requirement in the First Settlement of \$20,100,000 (if approved) and request recovery."*

In D.14-11-002, Appendix A, Uncontested Settlement Agreement, <sup>1</sup> at page 6, the Commission authorizes a base revenue requirement of \$20,100,000 for 2014.

As shown in Attachment A of this Advice Letter, the amount of actual sales revenue for 2014 as recorded in the BRRBA is \$17,038,423 or a shortfall of \$3,061,577 relative to the authorized base revenue requirement of \$20,100,000 (Attachment A-BRRBA, line item 19, column 6). The date of issuance of D.14-11-002 was November 10, 2014, and pursuant to Ordering Paragraph No. 3b, the shortfall authorized to be recovered is from January to November 2014. The shortfall over these 11 months amounts to \$2,514,491. The shortfall for December 2014 was \$547,086. The Commission authorizes a base revenue requirement of \$20,100,000 for 2014 and pursuant to D.14-11-002, at page 22,

---

<sup>1</sup> In D.14-11-002, Footnote 4, at page 6, the Commission refers the Uncontested Settlement Agreement as the First Agreement.

BVES also requests recovery of the December shortfall. In summary, the amount of shortfall to be recovered for 2014 is as follows:

Shortfall from January to November 2014	\$2,214,491
Shortfall for December 2014	<u>\$547,086</u>
The authorized shortfall in the BRRBA:	\$3,061,577
Accrued interest from January to December 2014	<u>\$1,563</u>
Total shortfall for 2014	\$3,063,140

BVES discovers that it has made an error in determining the accrued interest for the 2013 shortfall. In AL 292-E, the reported accrued interest of \$7,607 is not correct, it should have been lower by \$3,544.

In addition, BVES requests to recover the residual balance shortfall of \$37 recorded in the General Office Allocation Memorandum Account (GOAMA). The Commission approved AL 231-E, which requested cost recovery of the GOAMA, effective June 4, 2009.

In summary, the effective shortfall in the 2014 BRRBA to be amortized is

Total shortfall for 2014:	\$3,063,140
Adjustment to the 2013 accrued interest	(\$3,544)
GOAMA remaining shortfall	<u>\$37</u>
Adjusted total shortfall for 2014	\$3,059,633

Based on the forecasted sales for 2015 of 147,888,461 kWh, and for 2016 of 149,479,404 kWh for a total of 297,367,866 kWh, the two-year or 24-month amortization rate is \$0.01028/kWh. Attachment B to this Advice Letter provides the projected sales for 2015 and 2016.

The amortization rate will be applied to the 2015 Base Energy Adjustment (BasAdj) in the tariff schedules as follows:

CARE customers:	\$0.00823 per kWh
Non-CARE customers:	\$0.01028 per kWh

#### Adjustments to the 2015 Rates

In AL 292-E, effective December 1, 2014, the Commission authorizes the recovery of the 2013 shortfall recorded in the BRRBA based on the following amortization rates:

CARE customers:	\$0.02107 per kWh
Non-CARE customers:	\$0.02634 per kWh

The authorized recovery of the shortfall in the 2014 BRRBA will increase Base Energy Adjustment rates in the tariff schedules as follows:

CARE customers:	\$0.02930 per kWh
Non-CARE customers:	\$0.03663 per kWh

Attachment C to this Advice Letter includes all the tariff schedules with the new Base Adjustment Rates.

#### TIER DESIGNATION

As authorized in D. 14-11-002, GSWC is filing a Tier 1 Advice Letter to implement the base rates adopted for year 2014. GSWC is requesting that the tariffs contained in this Advice Letter be approved with the effective date of March 1, 2015.

#### EFFECTIVE DATE

GSWC respectfully request this Advice Letter become effective March 1, 2015. No individuals or utilities have requested notification of filing of tariffs. Distribution of this Advice Letter is being made to the attached service list in accordance with General Order No. 96-A, Section III-G

#### NOTICE AND PROTESTS

A protest is a document objecting to the granting in whole or in part of the authority sought in this advice letter.

A response is a document that does not object to the authority sought, but nevertheless presents information that the party tendering the response believes would be useful to the CPUC in acting on the request.

A protest must be mailed within 20 days of the date the CPUC accepts the advice letter for filing. The Calendar is available on the CPUC's website at [www.cpuc.ca.gov](http://www.cpuc.ca.gov).

A protest must state the facts constituting the grounds for the protest, the effect that approval of the advice letter might have on the protestant, and the reasons the protestant believes the advice letter, or a part of it, is not justified. If the protest requests an evidentiary hearing, the protest must state the facts the protestant would present at an evidentiary hearing to support its request for whole or partial denial of the advice letter. The utility must respond to a protest with five days.

February 23, 2015

All protests and responses should be sent to:  
California Public Utilities Commission, Energy Division  
ATTN: Tariff Unit  
505 Van Ness Avenue  
San Francisco, CA 94102  
E-mail: EDTariffUnit@cpuc.ca.gov

Copies should also be mailed to the attention of the Director, Energy Division, Room 4004 (same address above).

Copies of any such protests should be sent to this utility at:  
Golden State Water Company  
ATTN: Nguyen Quan  
630 East Foothill Blvd.  
San Dimas, CA 91773  
Fax: 909-394-7427  
E-mail: nquan@gswater.com

If you have not received a reply to your protest within 10 business days, contact Nguyen Quan at (909) 394-3600 ext. 664.

A copy of this advice letter is being furnished to the entities listed on the service list for A.12-02-013.

Correspondence

Any correspondence regarding this compliance filing should be sent by regular mail or e-mail to the attention of:

**Schedule No. A-5 TOU Primary**  
**Time-Of-Use Service (Metered At Voltages of 4, 160 KV and higher)**

**APPLICABILITY**

Applicable to all general power service including lighting and power, for customers who are metered at voltages greater than 4, 160 KV and who have monthly metered Maximum Demand registers, or in the opinion of BVES is expected to be, 500 kW or more. Any customer served under this Schedule whose monthly Maximum Demand has registered less than 500 kW for 12 consecutive months is eligible for service under Schedule A-4 TOU. This schedule requires eligible customers to be 100% firm use or to declare a specific "Firm Service" level of service in kW. All demand in excess of that specified Firm level will receive lower rates as indicated below.

SPECIAL CONDITIONS

- An applicant for service shall pay a service establishment charge as shown on Schedule No. SSC
- Multiplier:** In the determination of the multiplier it is the responsibility of the customer to advise Bear Valley Electric Service (BVES) within 15 days following any change in the number of occupied single-family accommodations in each of the rate categories below

Rate Category	Number of Occupied Spaces	Multiplier	Baseline kWh/day
<u>Permanent Residential</u>			
Schedule "D"	A	A / (A+B+C+D)	10.52
Schedule "DL" (CARE)	B	B / (A+B+C+D)	10.52
Life Support	C	C / (A+B+C+D)	27.02
<u>Seasonal Residential</u>			
Schedule "DO"	D	D / (A+B+C+D)	0

- Supplemental Baseline Allowance - Life Support Devices:** Eligible permanent residential customers may be allowed an additional baseline quantity of electricity in increments of 16.5 kWh per day if a member of the household regularly requires the use of life support equipment which utilizes mechanical or artificial means to sustain, restore, or supplant a vital function, or mechanical equipment which is relied upon for mobility both within and outside of buildings, or if a member of the household is paraplegic or quadriplegic or a member of the household has a compromised immune system, such as people living with AIDS. Eligible customers shall make application to BVES that the use of an essential life support device is required. BVES may additionally require that the customer provide BVES with a letter, acceptable to BVES, from a medical doctor or osteopath licensed to practice medicine in the State of California, describing the requirement of such life support device. BVES may require a new or renewed application and/or certificate when needed in the opinion of BVES.

SPECIAL CONDITIONS

- An applicant for service shall pay a service establishment charge as shown on Schedule No. SSC.
- Multiplier:** In the determination of the multiplier it is the responsibility of the customer to advise Bear Valley Electric Service (BVES) within 15 days following any change in the number of occupied single-family accommodations in each of the rate categories below.

Rate Category	Number of Occupied Spaces	Multiplier	Baseline kWh/day
<u>Permanent Residential</u>			
Schedule "D"	A	A / (A+B+C+D)	10.52
Schedule "DL" (CARE)	B	B / (A+B+C+D)	10.52
Life Support	C	C / (A+B+C+D)	27.02
<u>Seasonal Residential</u>			
Schedule "DO"	D	D / (A+B+C+D)	0

- Supplemental Baseline Allowance - Life Support Devices:** Eligible permanent residential customers may be allowed an additional baseline quantity of electricity in increments of 16.5 kWh per day if a member of the household regularly requires the use of life support equipment which utilizes mechanical or artificial means to sustain, restore, or supplant a vital function, or mechanical equipment which is relied upon for mobility both within and outside of buildings, or if a member of the household is paraplegic or quadriplegic or a member of the household has a compromised immune system, such as people living with AIDS. Eligible customers shall make application to BVES that the use of an essential life-support device is required. BVES may additionally require that the customer provide BVES with a letter, acceptable to BVES, from a medical doctor or osteopath licensed to practice medicine in the State of California, describing the requirement of such life-support device. BVES may require a new or renewed application and/or certificate when needed in the opinion of BVE
