Advice Letter No. 298-E

(U 913 E)

## California Public Utilities Commission

Golden State Water Company ("GSWC"), on behalf of Bear Valley Electric Service ("BVES"), hereby transmits for filing an original and four conformed copies of this advice letter with the California Public Utilities Commission ("Commission").

**SUBJECT: GHG Emissions Performance Standard ("EPS") Compliance Filing**

### **Purpose**

This Attestation Letter notifies the Commission that in 2014 BVES did not enter into any long-term financial commitments subject to the EPS. A signed Attachment 1 entitled "Compliance Filing for LSEs with no Long-Term Financial Commitments" is enclosed with this Advice Letter.

### **Background**

Commission Decision ("D.") 07-01-039 requires all Load Serving Entities ("LSE") to file annual Attestation Letters, due February 15 of each year, attesting to the Commission that the financial commitments entered into for generation during the prior calendar year are in compliance with the emissions performance standard. D. 07-01-039 requires LSE's to file Attestation Letters as an advice letter and serve the letter on the service list in Rulemaking No. ("R") 06-04-009. Specifically, Ordering Paragraph No. 4 of the aforementioned decision states:

*4. All LSEs other than PG&E, SCE and SDG&E are required to file annual Attestation Letters, due by February 15 of each year, attesting to the Commission that the financial commitments entered into during the prior calendar year are in compliance with the EPS. The Attestation Letter shall include a certification, including the name and contract information for the LSE officer(s) certifying the following under penalty of perjury:*

- A. *I have reviewed, or have caused to be reviewed, this compliance submittal.*
- B. *Based on my knowledge, information, or belief, this compliance submittal does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements true.*
- C. *Based on my knowledge, information, or belief, this compliance submittal contains all of the information required to be provided by Commission orders, rules and regulations.*

*The Attestation Letter shall be filed as an advice letter and served on the service list in this proceeding, or its successor proceeding. The Attestation Letter shall be subject to the Commission procedures governing advice letter filings, which include opportunity for protests and responses. However, no Attestation Letter shall be "deemed approved" under those procedures.*

*Energy Division shall review each Attestation Letter and approve it if it contains all the elements required by the EPS documentation requirements, includes a certification by the responsible corporate officers, and if the facts stated in the Attestation Letter show compliance with the EPS. Energy Division approval of the Attestation Letter means that the Attestation Letter is in compliance with these rules, and that any procurements as reported in the Attestation Letter comply with the requirements of the EPS program. Energy Division approval does not mean that LSE procurements that are unreported or inaccurately reported comply with the EPS. LSEs shall be subject to penalties if the attestation letters are found, at a later date, to be incomplete, misleading or incorrect.*

This advice letter adheres to the provisions in D.07-01-039.

#### **Tier Designation**

Pursuant to D. 07-01-024, this advice letter is submitted with a Tier 2 designation.
