Re: BVES Quarterly Report on 2020 Wildfire Mitigation Plan for Third Quarter of 2020

Bear Valley Electric Service (BVES) is filing this Quarterly Report in accordance with Resolution WSD-011. This 2020 Third Quarter Report is being filed to present the standardized non-spatial and spatial data templates and corresponding materials recorded by BVES in the third quarter of 2020. BVES has complied with Resolution WSD-011 Attachment 2.3 reporting requirements and submits the issued templates to the WSD.

In accordance with Rulemaking 18-10-007, these efforts are associated with BVES' WMP filing requirements and related compliance activities. The accompanying data collection materials are intended to support the WMP update cycles. This filing informs the WSD of the WMP performance metrics, updates to spatial data development and historical data, and to demonstrate actual performance against BVES' previously submitted projections.

Respectfully submitted,

Bear Valley Electric Service, Inc.
